

HOWO 5000liters fecal suction truck

Specification:

Vehicle model	Fecal suction Truck		
Chassis brand	Sinotruk		
Overall dimensions	mm	6000×2100×2550	
Fact cubage	L	5000L/5tons	
Body internal dimensions	mm	3500×1650×1200	
Wheel base	mm	3360	
Curb weight	kg	3635	
engine	Exhaust/ kw	3856ML/85kw	
	Engine model	YN4102QBZL	
	Engine manufacture	Yunnei	
Max speed	km/h	90	
Tire specification	7.00R16	transmission	WLY 6-speed with over drive
Operation control system	Electrically hydraulic control	Steering system	RHD
Equipment	1.Equipped with vacuum pump(rating rotate speed=1400r/m,min rotate speed>800r/m, max suction lift>6m, vacuum>500mmHg, clockwise)		
	2.Equipped with power take off, transmission shaft, fecal tank, pipe network, fecal pipe for observing and cleanout equipment		
	3.Time for full suction<5min		
	4.suction pipe :5M ,can be revolved at 360°C		
	5.free-runing nozzle(nozzle size is option according to customer), fecal level meter,		
Optional	Single row cab, air conditioning
